

Our new school website is up and running! Now we'd like to include photos of ongoing student events in some sections of the site, such as the Happenings page that highlights school events, as well as other pages. Our idea is to show pictures of students in the learning process, such as during field trips, sharing with reading buddies, in the classroom, and participating in school-wide events. We also hope to post student artwork and writing. We hope this will contribute toward making the website a colorful place for the Montlake community to connect and get information about the school.

As such, we would like to have your permission to include your child's pictures, artwork, and writing on the Montlake website. No personal information or names about students will be given in the posting. We believe that this is the best possible way for you to see the projects and work that the children are completing at school.

Please take some time to surf the site and see what we are doing at school at <http://montlakeschool.org/default.aspx>. If you have any comments or concerns, please don't hesitate to the website team at webmaster@montlakeschool.net

Please fill out and turn in the permission form to your child's Core teacher or the Office before the Holiday break.

Thank you!
Montlake PTA Website Team
